"Domestic Engineering" Quarterly Index

Vol. LXXXVIII—July 5 to September 27, 1919

This is the thirty-ninth index of "Domestic Engineering," an index for each quarter appearing at the end of that quarter. We ask our readers to note the value of this index for reference, calling special attention to the separate classification of the departments of "Legal Questionnaire" and "Questions and Answers," and to "New Equipment and Improvements," the two latter giving you a line on up-to-date practice and materials.

A

Agriculture, Development of 475
Apprentices, 20,000 Factories Plan Training of 390
